The Practical Operations of the Warehouse and Railroad Law.

CHICAGO, July 3 .- Messrs. Hitchcock, Dupree & Evarts' law firm having been requested by the Chicago upon questions likely to arise in the practical operations of the acts recently passed by the Illinois Legislature cor erning warehouses and railroads they have done so, and it is published this morning. They hold that the warehouse act is Constitutional, and storage, delivery, and inspection of trains are valid, the principle governing all such cases being that the use of private property and the exercise of a pursuit must be subordinate to a proper protection of the rights of the public. They also hold that the law is applicable to warehouse corpor ations existing before the passage of the act. In regard to railroad acts they hold that the Legislature has the constitutional power to make regula-

NOTICE.

NOTICE is bereby given to all persons de airing to make a raie and paying invest-ment, that the Selma, Marion and Memphi Railroad Company now offer for raie, a their office, in this city, their Bonds of Hab-Green and Pickens counties. Alabams; and Lowndes and Mource counties, Mississippi. These Bonds were issued by these counties, severally, to aid said company in the construction of their road. They are known to be five of the wealthiest counties in either the State of Alabams or Mississippi. Having suffered but little by the ravages of the late war, they owe no floating debt, and possess a large tarnable property, and the Bonds now offered constitute their only bonded debt. They are all 5 per cent. Coupon Bonds, and pay their interest semi-annually at the office of the Company, or in New York. The taxes have been already assessed in all the counties to meet the interest and provide a sinking fund for their redemption. These taxes have been regularly collected, and the interest in every case promptly paid. Guardians and courts intrusted with the moneys of orphans, can find no securifies safer and more profitable, and capitalists seeking to make permanent investments can do no deter than to purchase them. The Company will dispose of them at such rates as will make them a paying ten per cent investment; and when the Bond is paid, the purchaser will receive twenty-five per cent additional on the original outlay. Stocks in companies always depend on their regular dividents, the income from the Bonds is certain, regular, more reliable, and, in most instances, more profitable.

Rawley Springs, Va., will be regularly opened for the reception of visitors, on the first day of June, 18th. Sinsated as H is in the mointains of the Valley, it is not only one of the most delightful Summer resorts in the State, but his great corative properties are becoming widely celebrated.

The snallysis of the water by Prof. Mallett, of the University of Va., together with the experience of many eminent Physicians prove that it is "the Springs" for suffering females, but besides its wonderful tonic properties as a remedy in general debility, anenda and diseases peculiar to femal's, it is unsurpassed in the treatment of the various forms of Dyspepsis, and particularly for those suffering from torpid and inactive liver, the action upon the liver, as well as the kidney, being prompt and decided. Very many remarkable cures could be cited of this class of troublesome diseases.

Rawley is now easy of access, situated only twelve miles from Harrisonburg, the present terminus of the Grange and Manassas Gay Railroad from the Orlange and Manassas Gay Railroad from which point there will be two daily lines of Stages, morning and evening. Since last Summer the buildings have been greatly improved as well as the road from Harrisonburg. The accommodations will be strictly first-class under the management of Joseph N. triai, it will cure you.

We speak with much confidence of fir. Fowler's Compound, because we know what it is composed of, and what it will do. We know fir. Fowler well, who is a physician of known repute, standing second to none in the country, of long experience, an henorable man, who, having a reputation for character, as well as ourselves, would never allow a madicine to git before the public without merit. And we say of this Compound, if taken seconding to directions, after a fair trial, it will do asi we claim for it.

We ofter it as a new discovery, which it certainly is—a ganuine article for Settifula. Syphilis and all blood impurifies; and knowing the genuineness of it, as such we send it forth, saying. "Go, Heal the Suffering." PRICE, ONE BOLLAR PER BOTTLE.
